

University of Otago Car Club Code of Conduct

We will not tolerate any deliberate illegal and/or reckless action, that is, someone intentionally violating the law or putting others at risk, this will result in membership termination for the individual accountable and/or that individual being banned from events.

We require all members vehicles to have a valid and up to date warrant of fitness and registration, if failure to meet this requirement has been found this will result in the members car being excluded from events until this is rectified.

Any member who does not have a warrant of fitness and/or registration will be welcome to attend club events however they will not be allowed to use their vehicle in such events. If a member attempts to use an unwarranted and/or unregistered vehicle in club events after they have been asked to warrant and/or register their vehicle they risk their membership being terminated.

Any club member who causes damage to public or private property during a club event will be held personally liable in accordance with the law.

All club members are recommended to have personal insurance, failure to meet this recommendation will not result in membership termination however club members will operate at their own risk.

Every club member must have a valid form of license in order to use their vehicles in club events. If the committee finds out a club member or guest is operating without a valid form of license the committee will take action, such action would be prohibiting the individual from using their cars in club events. Invalid forms of licenses include operating with a learners or restricted license outside of the license's conditions

Any attempt to breach rule 10:19 would result in membership termination and a ban from attending club events.

The club is not responsible for enforcing the law; however, the executive will take action on any club member or guest who breaches the articles of our constitution or the club code of conduct.

The club will not tolerate bullying or harassment of any kind, and if any club member engages in such activities their membership will be terminated.
