## **SUMMARY:**

Mālō e lelei and warm Pasifika greetings.

It has been a very busy quarter for Pasifika students, with numerous events as well as trying to build on opportunities that will help Pasifika students at Otago. With many different groups within UOPISA, we've done our best to address the different needs and expectations of our members and stakeholders.

Our executive committee has been outstanding this quarter and have followed through with achieving some great outcomes. As the official inaugural year for UOPISA's operations and governance, it has been tough trying to navigate this unpaved path. The Public Relations Officer position is still vacant, which has meant that we've had to pick up a few extra tasks on the side. A huge highlight is watching our student leaders become empowered to do great work in the student space, which is good progress towards our overarching goal of weaving more of our Pasifika work into the general student space. An area to further develop is the balance between the UOPISA President's position and being an ex-officio member of OUSA. Admittedly this has been a struggle, however the executive committee and UOPISA have both been very supportive, and it looks like there will be a lot to look forward to for UOPISA in 2020.

Upcoming events for us include our Annual General Meeting and our Pasifika Student Awards Night. We will also look to wrap up the year and do a handover, that will provide some recommendations for our 2020 Executive Committee. All associations will also have their Annual General Meetings, and UOPISA will look to support them as much as we can so that the handover for 2020 teams are as smooth and informative as possible.

### **PART FOUR: PROGRESS ON GOALS**

Here is an update on my key focus areas for the 3<sup>rd</sup> quarter:

- a) **Pasifika Mental Health Campaign – Next Generation, Next Tale:**  
Progress: Pasifika Mental Health Summit Completed as well as campaign.

Next Step: Regroup with team to create a report and decide whether the campaign should be recommended for continuation in 2020.

- b) **Explore what adopting the UN Sustainable Development Goals would look like for UOPISA:**

Progress: the following SDG goals were identified as relevant to the work that UOPISA can do:

- i. 3 – Good Health and Wellbeing
- ii. 4 – Quality Education
- iii. 5 – Gender Equality
- iv. 10 – Reduced Inequalities
- v. 13 – Climate Action
- vi. 17 – Partnerships for the Goals

Next Step: Create some recommended ways the 2020 Executive can work towards these goals.

**c) Attend as many student events as manageable:**

Progress: I have been attending as many events I can manage. If I cannot attend, the invitation is transferred to another UOPISA Exec Member.

**d) Stocktake recycling bins in Pasifika spaces on campus:**

Progress: All Pacific spaces rely on the buildings' recycling bins.

Next Steps: Lobby for more common spaces to have recycling bins – this will encourage people to recycle where ever they are, and will minimize the likelihood of people NOT recycling due to the fact that it is an extra task to leave the room/area to find the recycling bin.
